$\text{♩} = 80$

1. O God, Thou hast en - gaged our hearts  
 2. As - sured in faith we en - ter now  
 3. To Him Thy voice from out the cloud

With Christ Thy well - be - lov - ed Son ;  
 Thy pres - ence, where, most bless - ed God,  
 Once spake Thy deep, Thy full de - light ;

Thy love a ho - ly joy im - parts,  
 Thy glo - ry rests up - on His brow,  
 And now with - out a veil to shroud,

A joy which He for us hath won.  
 Who brought us nigh to Thee by blood.  
 In Him shines forth Thy glo - ry bright.

4. 'Tis Jesus fills that holy place  
 Where glory dwells, and Thy deep love  
 In its own fulness (known through grace)  
 Rests where He lives, in heaven above.

5. Yet, midst Thine own the Spirit still  
Bears witness of His glory there,  
And from the sphere which He doth fill  
Brings knowledge of His fulness here.
6. Our God we bless Thee, Father Thou  
Of Him Thy well-- beloved Son ;  
As blest in Him before Thee bow,  
And joy in all that love has done.
