(HEIDELBERG. 7.6.7.6)

$\text{♩} = 92$

1. Thy suf - fer - ing love, Lord Je - sus,  
 2. We think of Thy de - vo - tion,  
 3. Thus to our hearts Thou speak - est ;

Our hearts de - light to trace ;  
 Thy blest o - be - dience rare ;  
 Blest Lord, we hear Thy voice ;

The love that sought and claimed us,  
 Thy ho - ly, deep e - mo - tion,  
 We know its charm, its sweet - ness,

In strong yet ten - der grace.  
 Thy grief that none could share.  
 And in Thy love re - joice.

4. We wait the consummation  
 Of love's own work divine,  
 And now in adoration  
 We joy that we are Thine.
